

WELLNESS

STEAMCABIN

1. START-UP

- 🍁 Tap on the screen and select the steam icon.
- 🍁 The icons for lighting and steam cabin will then appear automatically.

2. HEATING TIME

The cabin needs approximately 10 minutes to heat up.

3. LIGHTING & FRAGRANCE

- 🍁 Press and hold the lighting and fragrance buttons for 2 seconds.
- 🍁 Lighting can be adjusted via the screen.
- 🍁 Add eucalyptus fragrance for a refreshing and purifying effect.

4. TIJDENS GEBRUIK

- 🍁 Keep the door closed while in use.
- 🍁 The steam will switch off automatically after the session.

TIP!

Sit on a towel and drink plenty of water before and after your session. Enjoy!
